- Consulted on fixes

Skills

Programming

C/C++, Python, PHP, Java, x86/x86-64 assembly, SQL

Languages

- Polish - native, English - B2

Extracurricular Activity

CTFs competitions

- Gained experience in various topics: web security, cryptography, exploitation, linux
- With **JustHitTheCore** team 2016 - 2018
 - 2016 - 61 place
 - 2017 - 56 place
- With **JustCatTheFish** team 2018 - now
 - 2018 - 40 place
- Published **writups**
- Co-organization of **workshops** about security (in KERNEL student science club at AGH) 2016/2017
- Organization of exploitation **workshops** (at AGH) 2018

CryptoAttacks project

- Set of tools for cryptanalysis written in Python and Sage
- Implements over 25 attacks

OSCP certification

22.05.2018

- OS-101-032655
- 100% on exam

Articles (in polish)

- "Generating WiFi communication in Scapy" for **sekurak.pl** 23.08.2016
- "How can you use XSS? (or what BeEF is)" for **sekurak.pl** 05.09.2016
- „Teaser Dragon CTF 2018 – cryptovm task” for **Magazyn Programista (8/2018)** 2018
